

PU DRAG

Our premium product for challenging applications as for example agriculture, or industry use. Very abrasion resistant and appropriate for high tensile loads. Optimised resistant to slurry, agriculture chemicals and fertilisers

CONSTRUCTION ■ 100% synthetic yarn, circular woven, high-end polyurethane - extruded through the weaving in one production process

ADVANTAGES ■ very abrasion resistant, durable
■ high tensile strength
■ resistant to oil, petrol and other chemicals
■ resistant to low and high temperatures (-50°C up to + 75°C)
