Our premium product for challenging applications as for example agriculture, or industry use. Very abrasion resistant and appropriate for high tensile loads. Optimised resistant to slurry, agriculture chemicals and fertilisers.

**CONSTRUCTION**
- 100% synthetic yarn, circular woven, high-end polyurethane - extruded through the weaving in one production process

**ADVANTAGES**
- very abrasion resistant, durable
- high tensile strength
- resistant to oil, petrol and other chemicals
- resistant to low and high temperatures (-50°C up to + 75°C)
